QR Code Link to This Post Selling one Canary All-in-One security device in perfect condition.

Description from the Canary website: "The all-in-one security solution with HD camera, siren, and air monitor. It's built to learn and sends intelligent alerts with HD video and audio directly to your phone. Canary records remarkably crisp, 1080p HD video and audio with automatic night vision and a wide-angle lens. The viewing radius ensures your living room, nursery, kitchen or basement is entirely visible with vivid clarity. Canary doesn't rely on extra hubs or wiring. No clutter, no tangles, no hassles. Connect to Wi-Fi, or simply plug in with Ethernet and Canary is good to go. Stop a burglar with the tap of your finger. Use the Canary app to sound the built-in 90 decibel siren or connect directly to your local emergency services for immediate response."

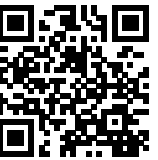

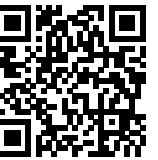

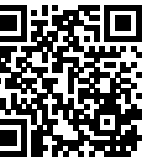

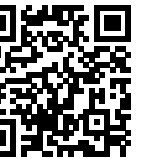

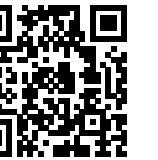

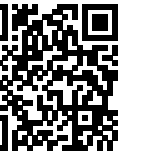

specs and details: <https://canary.is/canary/>

Purchased new for \$200; now it retails for \$169 (but can be found on sale for around \$130).

Get mine for a song -- only \$55 (cash)!

All original manuals, cords, connectors, and boxes included.

Pick up in the West Palm Beach.
