QR Code Link to This Post Are you separated or divorced? If so, you may be eligible to participate in a research study.

To be included in the study, the participants must meet the following criteria:

1. They have divorced/separated or are in the process of divorcing/separating;
2. They have at least one biological child under the age of 18 from that marriage;
3. They do NOT currently reside with the child; and
4. They have NOT experienced family violence or abuse.

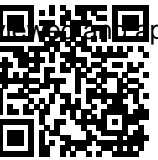

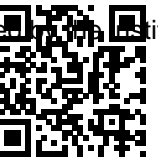

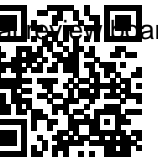

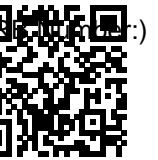

I am conducting a research study to learn about what individuals experience after divorce or separation.

Participation in this study is anonymous. You will be asked about demographic characteristics (e.g., age, gender, race/ethnicity, income, and level of education), their relationship with children after separation or divorce, feelings, and how you see yourself.

The estimated average time to complete this questionnaire is less than 5 minutes. Participants will complete an online survey through the Survey Monkey web site and their responses to each questionnaire item will be recorded electronically.

Participants completing the survey may be selected for a phone interview and earn a \$25 Amazon Gift Card.

Please click on the link below to access the survey.
