QR Code Link to This Post European born and raised, Denver based singer songwriter Sreb and musician/producer Donnie Beach of Baltimore MD - we are Half Remembered Dreams. Harmony based vocals, dark synths and elements of folk, new wave and industrial - if that sounds like something you dig - check us out! We're self releasing our debut EP "Specter" in December and are currently working on the following LP. Trying to get to as many ears as possible, so hear us out, share, send any comments you might have our way - we'll be thankful!

Here's what we have out so far, bandcamp link is gonna have the full EP in mid December, and it will also be available on Spotify, Itunes, Google play and the other major online retailers!
