ALL of your Cancer Donation goes directly to Cancer Research.

## Our Mission Statement:

The American Cancer Federation exists to Cure Cancer in our Lifetime through donations to effective Cancer Research. Each donation made to cancer researchers through the Federation is carefully scrutinized for its efficiency and effectiveness. Our own organization has virtually zero overhead. Every dollar donated to American Cancer Federation goes directly to Cancer Research. We are an all-volunteer army of 21st Century thinkers and entrepreneurs, changing the way nonprofits do business.
