QR Code Link to This Post Need a ride from the airport. Looking to spend around \$25. Let me know if I could rely on you to get me to my destination, a little about yourself and what you'd charge. No hard drug users or excessively crazy people please. I don't have much money, so if I can't find someone to do it within my budget, I'll just hitchhike or stay the night in my hammock and take hele-on-bus in the.
