QR Code Link to This Post I have a 1965 Oldsmobile convertible power front split bench front seat with arm rest for sale. I bought it to use on a project car, and decided to go another route. It measures roughly 57" wide on the seat bottom. It has white upholstery now, but will need to be reupholstered, as it's kinda worn out, and coming off on the headrest. The trim on the sides is beat up. Nice for a custom car or whatever you want. It sits low in the car. If you are interested please send me an email with your name and number and I'll get back to you.
