About me:  
 I have been teaching piano for a few years now with students ranging from 4 years old to adult. I've been playing piano for over 8 years.

About the lessons:  
 I believe in a well-rounded music education. Students will learn and practice piano skills, including how to read music, technique (how to play and sound musically), rhythm, sightreading, theory, and more.

Hours:  
 For younger students, it's recommended that the lessons be kept shorter so they can better focus their attention on the piano. Recommended time is 30-45 minutes.

For older students it's recommended 45-60 mins per lessons.  
 Lessons should take place once a week and students should practice around 30 minutes a day reviewing what was covered in the previous lesson.

In-studio pricing:  
 30 minute lesson: \$30  
 45 minute lesson: \$42  
 60 minute lesson: \$50

Rates are flexible if you have a passion for learning and we can try to work a more affordable.
