QR Code Link to This Post I work at Progress South Elemntsry and need full time care for my 20 month old and 4 year old. My dad fell ill and my mom can't do it anymore. My little girl loves to play with other kids and my 4 year is great just not able to work out preschool with my schedule. Single mom with 4 kiddos so I cant afford 300 or 400 a week. Looking for a good home to takencare of my babies while I take care of others!
