QR Code Link to This Post Jessie was taken from our front yard in Billings (near 19th St SW and Alderson Ave) on Saturday 10/28 at 1pm. Whoever picked her up has not turned her over to a shelter or responded to our outreaches via social media. Whoever picked her up could have taken her anywhere... She was not wearing her collar at the time. All we want is for our lifelong companion to be safely returned. \$500+ reward offered for information that leads to her safe return home.
