QR Code Link to This Post Selling my 2004 Cadillac Escalade. Runs/Drives Excellent with MANY upgrades! This thing is beast and turns heads everywhere. People at gas stations always come up to me and ask about the wheels and the custom grill. I've owned it since 2006ish and bought it with 20k miles. I travel A LOT so this does have mileage but all highway. Always maintained with synthetic oils, and regular maintenance. It has been garage kept it's entire life! Always washed and waxed. You'd be hard pressed to find one in better condition for less than \$10k.
