Personal Funding

Looking for some extra money to start a business? Take a vacation? Consolidate debt? But don't have the credit? We've got the program for you and we make it happen fast.

If all 3 of your credit scores are over 600 today, we can get you funding. If your scores aren't there yet or need some quick fixes to get you there , we can do it.

Stop wasting time with the amateurs and scammers!

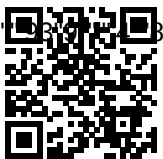

No upfront fees (ever) for funding. \$199 if you need credit repair. If interested please have all 3 copies of your credit report available. Credit Karma won't cut it. Use either
Creditchecktotal
Experian
Privacyguard

Or any service giving you all 3 reports and scores.

Again, this all happens very quickly and we get a high volume of responses. Please don't waste our time and we certainly won't be wasting yours.
