QR Code Link to This Post Iso cheap storage space for at least 10 vechiles???? The city where my husband and i are currently living are hassling him about his bmw car collection . They are already fining us daily and threatning to take his vechiles . Im reaching out to anyone who might know of a place or has enough room they are willing to help my husband and will go on a month to month basis charging for rental space and giving him enough time to work on his cars to get them up and running to keep or sell. Hope we can find someone soon to help us
