QR Code Link to This Post What you all are witnessing isn't just another angry uneducated Liberal. You're witnessing a melt down of biblical proportion . Poor guy wakes up at noon everyday... (Seriously noon everyday) only to troll and flag everyone smarter than he is. It's been over a year since Donald Trump has won and every accusation he throws is simply that. Nothing more than an accusation . Meanwhile all his heroes are being accused of sexual deviance and pedophilia at an alarming rate . With actual proof . Lord knows it took much strenght for him not to slit his wrist when Al Franken was exposed . And now the man who constantly accuses trump of sexual misconduct that goes by the name Matt Lauer has been fired for being a typical liberal sexual deviant. WOW!! You leftist shouldn't be pointing fingers at anyone because as of lately your idols have been exposed for doing the very behavior you accuse Donald Trump of . So!
