QR Code Link to This Post I need to find an active and loving home for my sweet Labrador/Pit mix. She is a non-aggressive girl who loves attention and shoes. Spayed. Great with kids and loves to play with other dogs. Likes chasing cats but has never gotten close enough to see if she attacks them (my cat hates all dogs and won't go near them).

A rehoming fee of \$50 will apply to ensure her safety, and she will come with her crate and some of the food she currently.
