QR Code Link to This Post VIZIO M501d-A2R 50-Inch 1080p 3D Smart LED HDTV (2013 Model) M-Series television.

I've had the TV for almost 4 years and it's in great condition but will not fit on the wall of our new apartment. Watch 3D movies! The TV comes with 3 HDMI ports, 2 USB port and access to a number of smart TV apps including Netflix, Hulu, Spotify, YouTube, Listen to international radio, etc. You can also directly connect to an iPhone with an HDMI cable. It was wall mounted and the Wall mount is included. I don't have the stand any longer but it can be purchased online. Remote with keyboard included.
