QR Code Link to This Post ATTENTION: This opportunity is for independent contractors and those seeking a part-time opportunity. This is not a full-time position.

We are seeking motivated and self managed Telecom, Alarm, Fibre Optic, IT, CCTV and Networking Technicians.
We are seeking qualified technicians in all states.

Do you have experience in at least one of the following areas?

- Telecom - (troubleshooting and installs)
- VOIP - (troubleshooting and installs)
- CCTV or other security camera systems (troubleshooting and installs)
- Alarm systems (troubleshooting and installs - Need low voltage license)
- Fiber Optic (troubleshooting and installs)
- Network Cabling - (troubleshooting and installs)
- Networking Device - (troubleshooting, installs, configuration and upgrades)

This opportunity is perfect for independent contractors, IT students and retired IT Professionals.
This is a part-time opportunity but you can work as many work orders in your area as you like.

If you are interested and have at least 1 year technical experience in any of the areas listed above please reply using the email link above.
If you are a quick learner and are very eager to learn we may be able to train you.

Please include your email address in your reply so we can contact you directly. We will send you a link to join our work platform.
