QR Code Link to This Post Hi,

I offer bicycle ride lessons and companion in order to get you in better shape physically and mentally. I am also bicycle consultant and bicycle mechanic.

My rate is \$50 per hour. Almost all of our ridings would be in local bike paths. Young or old, begginer or advanced, just for fun or for excercise, are all welcome to me. Participants must stop at red lights, wear helmet, use lights at dark, communicate, and cooperate with me. I happily will help you pick a proper helmet and lights if you do not know what to get.

10% discount to seniors, humanitarian activists, pastors, neighbors (within 1 mile from my zip code), hospital doctors, waste disposal and recycle center workers and transporters, peace officers, post persons, local taxi company drivers, street and other city properties including beach and marine cleaners, bus and metro drivers, environment activists, and ongoing clients.

Respects

Bicycle Riding Trainer and  
Companion (Santa Monica)
