QR Code Link to This Post Most of my photography experience is in photographing the great outdoors and animals. I am trying to broaden my portfolio, so I am looking for both female and male models who would like to work with me. It would be great if you could work shirtless (men) or in sports bra/bikini top workout clothing (females). I want to go for a more athletic theme for the shoot, but I don't care if you are a professional or just someone who enjoys being outside and having your picture taken. I do obviously prefer working outdoors, so if you would not mind doing a shoot in the great outdoors, I would love to hear back from you. If you have a picture or two you could send to me, that would be great, too. If you need any sort of payment for your time, let me know what you need and I am sure we can work something.
