QR Code Link to This Post I'm looking for people (yes both men and women) who wouldn't mind me taking their picture. I don't care if you are a professional model or just a person who doesn't mind having their picture taken. I need the practice! If you have a couple of pictures to send my way, please do. If you have some sort of portfolio, please send the link. If you need pay, let me know how much per hour/day you are looking for and hopefully we can come to an agreement. Thanks!

I do have examples of my previous work if you want to see it, so just!
