QR Code Link to This Post Hi!

I'm Matt, a portrait photographer based in North Berkeley CA.

I operate a photo studio where the main purpose is to provide great pictures for young professionals for their LinkedIN accounts. A strong image is crucial to attracting customers and cultivating trust and friendship with potential clients and coworkers. A team with great images stands out among the competition. Over the last three years, I've helped lawyers, real estate agents, & therapists achieve stronger personality branding on their digital profiles and professional websites.

You can see my work here: [www.highlandportraits.com](http://www.highlandportraits.com)

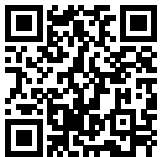

I'm looking to hire talented Sales Agents. He/she will make a 25% commission on final sales for everybody who he/she brings to the studio. My standard rate is \$175/session, so that equates to \$43.75 for each client. I also offer different rates for outdoor photoshoots and Sunday Specials, but you would always make direct 25% commission. My rates are all subject to change, with potentially increasing rates if the business manages to get more customers.

If this is something you are interested in, let's schedule a phone call and discuss the details!

-Matt.
