QR Code Link to This Post Hello. Many artists and directors find it helpful to have someone do the preliminary screening. So here we are!

In particular, many artists and directors complain about flaky models/actors; in particular people who don't return calls or leave them hanging... If you're NOT one of those people, we'd love to hear from you :)

We assign new respondents to small projects; if they perform with clear professionalism, we connect them to new gigs.

No fees from you are involved, ever!

Requirements (incl. experience), pay and location depend on the project: typically, local artists and small stage/indie productions. Some are ok with little or no experience.

To jump-start the process, please include a photo. No problem with casual photos, but please try to have adequate lighting.

Looking forward to your!
