QR Code Link to This Post Have Cuban Rock Iguana needing new home. 2 years old. Very well taken care of an has eaten a proper diet and had the right UV lighting. From Florida Tortoise and Iguana. Ordered online and they were out of the standard variety so they sent me one that is supposed to be a blue. Don't see a lot of the blue coloring yet. I haven't handled it but (he, it's a male) is really mellow when I get into his large cage (4' x 8') I can pet it but never picked him up. Males are pretty impressive as adults. Great eater, comes running for food before I can open cage. Hasn't missed a meal. Recognizes me from anyone else. Got it at 6" and is now at 32". Changes in my life doesn't work with daily feeding and care coming up. \$200.00 or \$400.00 with 4' wide x 8' long x 6' tall enclosure and supplies. Last picture is from Florida tortoise & Iguana where I purchased him.
