QR Code Link to This Post One owner car purchased new in 1997.

Vehicle has been well maintained throughout. A/C blows cold and heat is hot. Recently repainted. Tires still have good tread (about 50%) but could stand to be rotated. Interior in good condition.

No known mechanical issues but a few minor negatives; 1) passenger side mirror loose, 2) Only one window roles up and down (window motors are a common issue for this make and model) 3) Odometer stopped working several years ago but we estimate about 200K miles on car.

Selling because we have too many cars and this one is rarely driven any more. Asking \$3500 but am open to counter offers. NO Lowballing offers!!!
