QR Code Link to This Post Selling my 2002 Honda Accord. I have owned this car since 2013 and it has been the best investment I have ever made. Kind of sad to let this car go but I have recently bought a new car and no longer need the vehicle. This was my daily commuting car and I still drive it to Hartford (80 miles round trip) two days a week so mileage will keep increasing. Very good gas mileage and cheap to maintain. The car is clean inside and out with minimal scratches. Feel free to pull car fax report. Four tire replaced last winter and passed emission recently so good for two years. High mileage due to commuting to UConn everyday for the last four years (50 miles a day). Cheap reliable transportation. Heat, AC, Radio, and all other features standard with vehicle works. Call or text Rafid at
to see the car or for any questions. Honda's last forever and this vehicle is still in good condition. This is priced to sell quickly its very difficult to find reliable transportation under \$2000 especially a Honda. I have priced the vehicle well below KBB. Cash only need the vehicle gone.
