QR Code Link to This Post Pigs free to good home. They are too old for my liking. Out with the old, in with the new! I prefer them young and pert with nice juicy hocks. These pigs knlw all sorts of tricks, and even give good fellatio. They stand perfect when we breed and have a very mellow temperament.

Free to good home. These guys are well seasoned and used for multipurpose. One sow may be pregnant, as I forgot to pull out. You may want to take her to the vet to get an ultrasound.
