QR Code Link to This Post I am looking for people interested in starting a band in Anchorage in the styles I listed - bands such as Milk Music, The National, Sonic Youth, Nirvana, Arcade Fire, Bleached, The Gossip, Jawbreaker, Joy Division, Sheer Mag, Weed, etc...

I do love a lot of other genres and would be open to other ideas as well.

I have played in 3 bands prior, all punk/hardcore, but now I want to play something slower, grungier, even more dance-able.

It's been about 2 years since I have played (was playing in a band in Fairbanks last), and I really miss it. I think it's tough moving somewhere new and putting ads up, but sometimes that's what we have.

Here is a link of me playing in an old band, fast forward to min 1:50 - basically I'm a hard-hitter, simple, straightforward:
