QR Code Link to This Post Excellent condition. 1000 miles, like new, 96 cubic engine, 6 speed transmission, Badlander low profile seat, Willie G. handgrips and pegs with matching forward controls, mirrors with integrated front turn signals, plus more. Needs throttle cable installed which I have already purchased. This bike is a steal, it rides great and is in awesome condition. The blue book value is thousands more than I am asking. You wont be disappointed just call to set up a time to see it. 918fivezero62155 or
