QR Code Link to This Post Nautilus created the modern day fitness industry, and was the choice of Champions prior to Arthur Jones selling the company, and the new owners dumbing down the designs.

I have 9 of these original superior strength machines for sale from Nautilus 1st and Second Generation, including some machines which are nearly impossible to find, such as:

40 DEGREE CHEST/SHOULDER  
DOUBLE SHOULDER  
DUO HIP AND BACK  
DUO SQUAT  
ROWING TORSO

These five machines alone could easily sell for \$5,000 based on their limited availability, but you also get the following machines for this same price to make a nice circuit:

ABDOMINAL II  
MULTI BICEP  
MULTI TRICEP  
ROTARY TORSO

While current Nautilus, Cybex, Lifefitness, Freemotion, Hammer Strength, Keiser, Matrix, Paramount, and Universal Gym machines are still good, the first and second generation Nautilus machines are truly in a class by themselves.

Has the original dark brown frames and tan rollers as shown in the picture. These were the custom built used in an elite training video by Rocky Marciano (the original Heavy Champion's Heavyweight Champion).  
Ships from Kansas, where the machines are being securely stored in a container on a private storage yard (see last pic)
