QR Code Link to This Post hi,
i am selling this paint ball setup everything is nearly brand new stuff has been used 1 time maybe 3hrs of time on it... the gun has never been used after i had the upper body changed to a custom one by inception designs only 50 ever made and the body is brand new
everything has been properly maintained and the work that was done on it was professionally done at cutting edge paint ball...
i have all the original parts even the original maintenance kit the comes with the gun also there are No scratches on anything

the gun: empire axe with custom inception designs body... body alone costs \$250

and the marker costs \$350

tank: ninja g8/4500 "carbon fiber" \$100

hopper: dye rotor \$130

mask: V-force \$130

there is nearly \$1,000 of stuff here and i am not selling anything individually
everything in the pictures is what you get feel free to send me a text if you have any...
