QR Code Link to This Post We have the quality of the booth and the photos that will make your event a success!

Our PhotoBooth comes from a well recognized reputable PhotoBooth manufacturer and we keep them up to date with new software and the highest quality, most efficient printers.

We will take care of everything as you pose for 4 photos. By the time you put your props back afterwards, your photos will have printed (4 strips is what we normally print). The strips are held together at first but easily 'cut' down the middle. Each event will have custom text at the bottom of each photo strip and still leave room for the 3 photos. The text will be designed by us free of charge with whatever ideas you give. Props are included with every event as well as an attendant to assist you and your guests. They will make sure everyone is enjoying the event and even encourage guests to join in on the fun!

When you rent a PhotoBooth from us we will include everything you need in the price. We do not charge extra for online galleries, props, or set-up/ tear down at your event.

You can expect that with ALL of our rentals you will receive:

- Unlimited Use
- Props
- A professional attendant
- Delivery/Set-up/Tear-down
- A DVD of images taken in the booth, or online access.
- Scrapbook (additional charge)
