QR Code Link to This Post I recently purchased a home, and would like to hire a female assistant to aid in some small renovations. There will be no hard physical labor of any kind expected, just a helping hand. If you need some extra cash, this is perfect for you! Also a perfect job for college students! All ages, races, and body types are encouraged to respond.

Please reply with your name, age, and at least 3 photos to be considered! Thank you!
