QR Code Link to This Post I am seeking a roommate to share my home in Newport. The location is great, just blocks from the Levee and minutes from downtown Cincinnati. Public transportation is right across the street. Your private space would be the entire upstairs which includes 2 rooms with a huge closet and a half bath. It is fully furnished. The shared spaces are the kitchen, dining room, full bath, laundry and courtyard. I have a well behaved dog so you must be a dog lover and not have pet allergies. (No additional pets, no exceptions). She will not be in your space. Rent is \$500 a month and includes all utilities. I do first and last month up front with the understanding that you will provide 30 days notice if moving. I'm a 40 yr old female with work full time and would like to find another female to share the house. The house is non smoking and quiet. I do employment and reference checks. I will only respond to emails that include your name, age and situation due to the large amount of spam that CL generates. It is available Jan 1. Showing.
