**Hawaii**<https://www.genclassifieds.com/x-752693-z>

QR Code Link to This Post Lucky 7's Hawaii is the original and first provider of peer to peer, crowdfunding services in the state. To date we have had over 5000 participants including local citizens from every major island and out of state citizens from the west to the east coast.

We have also paid out over \$1.8 million dollars to current members and that number continues to grow.

We are an organization of like minded individuals with the common goal of taking care of one another and supporting each other's financial health and growth.

A \$300.00 contribution will get you an assigned number. When your number comes up for payout you will receive a \$900.00 payout.

The system was started on November 1st, 2017 and since our inception there have been many other individuals that have copied our general concepts and tried to launch their own version of our program. However with the largest member base with over 9,500 numbers sold, we offer the most sustainability and potential for growth.

Please visit the [\\_real\\_lucky\\_7s\\_hawaii](#) on Instagram for more information and real testimonials from real people! Grandmothers, grandfathers, aunties, uncles, moms, dads and generations of family members have committed to enhancing each other's quality of life through this tremendous opportunity!
