QR Code Link to This Post In anticipation of the 2017 events and party planning season we are looking for experienced and non experienced event staff that have an interest in event serving--COOKING and event bartending. Training will be given to those who express interest in learning event bartending and elegant professional serving.

We are also looking for qualified event chefs and line cooks as well as prep cooks.

My business caters to a distinguished clientele as well as corporations, organizations and an array of venues.

Please forward a cover letter detailing why you would be a good fit for my business as well as a resume and photo if available.

For candidates who would like to learn how to professionally serve or event bartend and have no experience I plan to begin training classes soon as to have you ready for the HOLIDAY SEASON AND BEYOND.

I will be conducting interviews and orientations soon.
