QR Code Link to This Post Hey! So, we're a local metal band and we're set to play our first gig March 18 of next year at Aftershock in Merriam, KS. We were talking about wanting to get at least a couple female stage dancers for the show. The catch is, this unfortunately won't be a paid opportunity, we won't even be compensated for playing ourselves. However, if everyone vibes well together, the possibility is there that it could eventually turn into one. Our music is heavy, but with a groove and somewhat dancey vibe. We're also doing the horror thing in our live show, so you must be comfortable with possibly dressing accordingly.
