We have a litter of fawn pug pups that will be ready to go to new homes this weekend. They are almost 11 weeks old dewormed and vet checked with first round of shots. Mom is a 15lb fawnpug and we have I believe 2 males and 4 girls left looking for homes they are fuzzy like mom and all are gold or cream in coloring I am not sure why my pics aren't uploading something with iCloud..... I have pics I can send to your phone though pups are 350. All the pups will come with a puppy necessities kit I do not hold so please be ready to adopt this
