QR Code Link to This Post Aloha we have two rooms that will be available for month to month rental starting in January. This is a 3 bedroom house with a great backyard in a quiet safe neighborhood. Gardening opportunities. We are a couple who are vegetarian, our ideal preference is to live with other vegetarians. We will consider light meat eaters. We practice yoga and meditation and in general keep a non-cluttered clean home. We tend to be home most of the time include quietly working during the day at home.

We are open to short-term and temporary rentals of one-month duration or longer as well as long-term assuming we are compatible. The location is close to HI 1 without congestion. We have Kahala Mall a few blocks away with good grocery options such as whole foods. Great beach within a few minutes drive.

We offer a private room in our magical and peaceful retreat with large comfortable beds (with pillows, linens and towels) that is off the grid with lights and plugs for charging devices, shared bathroom with flush toilet, outdoor bamboo hot showers and basic glamping style kitchen to prepare your food (ice coolers, barbecue and propane burner for cooking). There is food growing on the land that we will share with you (fruit and veg), however, we do not provide food or meals so you will need to have a budget to fund your food expenses. Living is simple and sweet.

We are very close to the magical green sand beach, black sand beach and other secret spots we can share :) Under 1 hour to Volcanoes National Park. This is a wonderful opportunity to immerse yourself in a healing off-grid, sustainable lifestyle! If you think you may be the right couple, please email us and introduce yourself and leave a contact phone number and a few:)
