I received threats from some ignorant clowns or fake social justice warriors who appear to be making complaints of racism and now I feel the need to warn others of these people who are either too ignorant or too cowardly to identify him or her selves.

PREMIS:

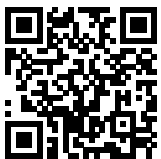

NOBODY HAS A RIGHT TO BE IGNORANT OR REMAIN IN IGNORANCE (the very belief that this is some kind of right, proves the believer ignorant and needing to be properly educated).

1. Ignorance is NOT a race, therefore any perceived intolerance or even hate towards anyone ignorant is NOT being a racist.
2. All races have the ability to understand English.
3. All races are ALWAYS welcome to become and be US citizens.
4. Only businesses are required to deal with all people regardless of race and/or other federally protected groups.
5. A private individual has a LEGALLY PROTECTED RIGHT to deal with whomever he or she wishes FOR ANY REASON EVEN IF IT'S A RACIST REASON.
6. Threats of ANY KIND should be taken serious and forwarded to authorities.

7. AND MOST IMPORTANTLY, YOUR FEELINGS BEING HURT DOES NOT JUSTIFY YOUR THREATS OF!
