(Propane Fired) WINE BARREL FIRE PIT CUSTOM BUILT....Chair Height(25" high) model sells for \$1095 complete, including delivery/shipping(no hidden fees) in Natural Oak (firm). Has a valve to control flame height. Many happy customers. Comes complete, ex the tank.

Read up what current owners have to say about our Custom Wine Barrel FIREPIT - FIRE PIT - FIREPITS on our company Facebook Page(see "POST" section) - We can ship right to your door. You can use right through winter -just throw a gas grill cover over it for protection from snow.....(my daughter owns/uses hers right through winter on Commonwealth Ave/Boston and customers in Long Island, NJ and Freeport, ME own units).

Everyone wants different.....Why buy a metal stamped (fabricated from Asia) Firepit at low BTU when you can get Authentic 75K BTU Heat Output Made in Napa/Sonoma Custom Wine Barrel Firepit/safe that is Barrel coopered in France? THIS IS THE REAL DEAL - check out our Facebook Page (NorCal Barrel Works) with Customer posts.

Beautiful units avail with protective UV coating -enhances wood, seals and protects bands -makes red Cabernet hues pop.

Authentic Aged Wooden Barrels from France, sourced from Napa/Sonoma Region.

Don't be fooled by FAUX LOOKING Wine Barrel Firepits made of steel and Resin....

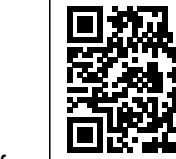

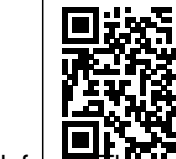

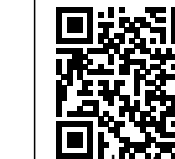

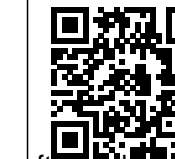

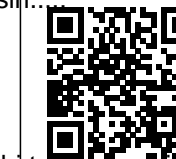

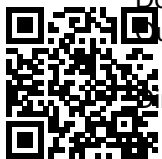

Ours are SOLID OAK Wooden Barrels

Dimensions 36" dia x 24" H

Large Rust Colored lava rocks standard, but customers often source their own hi temp glass in the aftermarket(so many shades to pick from). Throws off an enormous amt of heat -75,000 BTU

Options include a custom built-in red oak FULL SIZE 9" wide tabletop all the way around - will fit a FULL SIZE 10" plate (can your firepit make that claim?) consult shop on options/pricing.

Don't be fooled by FAUX looking Wine Barrel firepits made of steel and Resin....Ours is SOLID OAK WOODEN BARREL.
