

# Honest Reliable Affordable Handyman and Helper Wanted For Household Ch (Brunsw

Location

Maine

<https://www.genclassifieds.com/x-754333-z>

QR Code Link to This Post Looking for a fast, honest and reliable worker. Some ongoing. Here's some of the tasks to give estimated cost (estimated cost is important so I can plan):

1. planning ahead for winter: shovel walkways when big storms
2. Insulate long drain pipe
3. My chimney is rather short for all the potential snow so what I'm looking for is possibly installation of a low cost chimney extension...must work with my furnace which is a Nordyne cmf2 80 po conv.
4. Insulate some outside windows with a kit I bought..can provide link/more info
5. Clean 20 ft gutter from fall debris
6. Other small items

An estimate of cost for each item is a must and you can come out to see the items first but I need prices for each. For one thing I have to run the pricing by another person and I need to know how much something will cost to see what is possible and what is not. I find a lot of handyman do not like to give estimates but I need one...it is a must so I can plan. Email is best way to contact. It would be great if you lived close to Brunswick especially for the snow shoveling. And I find I need multiple people to help as some can do this but not that/etc... Please let me know about your background...jobs you can do and not do regarding my list and please include your your email address...and your rate...if you are around \$10 per hour that would be great as I am disabled/money is tight...if your rate is a bit higher please give me a price per item no matter what...it could work as everyone works at different speeds...Email is best way to contact....so if you can help please let me...
