QR Code Link to This Post Hi there,

Sorry for the stupid title :)

I am looking for female models to do some shooting with. I want to do both Cine and Photo.  
 This is for my reel.

NO NUDITY.

No pay so that sucks but as always, you will have a copy of any photos you want and access to any video shot.

I can buy lunch/coffee or whatever, probably coffee as it may be early cuz light and stuff :)

Thanks a bunch,

Hope to hear from you.

Best,

IB
