QR Code Link to This Post my lab loves to play. he is a real good dog. I really do not want to do this but he keeps jumping my fence. the fence is only 4 foot. I have had him seen he was 6 week old and he is just over a year. really just looking for a good home for him, do not like putting him on a chain all day. a small rehoming fee of 100 to make sure he gets a good home.
