&A 2009 Suzuki Boulevard 1500

Missing/Lost Shih Tzu. His name is Oliver. (dog on the left in photo) He is strawberry blonde with an identifiable spot on his forehead. He was wearing a black harness. He does not have his tags and is not micro chipped. He was last seen running Westbound on I-84 after the vehicle he was in crashed eastbound I-84, milepost 367 outside of Ontario yesterday (Nov. 13) around 11am. Oliver belongs to my mother-in-law. We are from Washington State. She was traveling through the area on vacation when the accident occurred. My husband traveled to Ontario late yesterday afternoon to help his Mom who was hospitalized. We are not sure how long we will be in Ontario, but will definitely travel back if Oliver is found. Please, call (Damon), (Diana-owner) if you see Oliver. Thank.
