We can't know what they experienced in the time they were on their own. In rescue they are typical kittens. They love to play, play, play, and eat!

Diane has the most beautiful, golden, amber eyes. Her fur is soft and silky. Along with playing and eating she enjoys basking in the sun.

Nick is all boy. He loves to play! Nick has the loudest purr. His foster mom can hear him from across the room! If you adopt them, you won't need a sleep machine, Nick will lull you to sleep with his purring!

Diane is on the shy side. She has her paws crossed that someone will love her and give her the chance to show what a great kitten she is.

They are bonded and want to be adopted together. They are available for adoption with St. Louis Pet Rescue.

Are you the family who is going to make their dreams come true?
