

# LGBQ Nebraskan Health Study (25 USD)

Location

Nebraska

<https://www.genclassifieds.com/x-755071-z>

QR Code Link to This Post I am a graduate student at the University of Nebraska-Lincoln working on a research study about the health and well-being of gay, lesbian, bisexual, and queer Nebraskans. I am trying to provide an accurate account of the lives of GLBQ people in areas outside of the bigger cities in the state (outside of Lincoln, Omaha, and Grand Island). I am looking to interview people from all health backgrounds (including people who have had major health issues and those who have not).

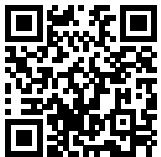

You must be between the ages of 25-60 to be eligible. If you are interested, all that is involved is one interview (in-person, over the phone, or using skype/google hangouts) that takes about one hour. If you want to meet in person I will drive to you and you can pick the place. You will receive \$25 (cash or check) as a thank you for participating.

Reply to this post to get in contact with me if you would be willing to participate! Thank!!
