QR Code Link to This Post Los Angeles based product photography service offered nationally. Photos are great for making your online store or website appear cleaner and more professional.

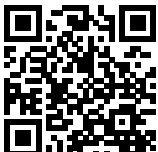

How it works:

- \*Ship me your products with a return label.
- \*Your products are then shot with a full frame camera, prime lenses, in high resolution.
- \*Your photos are edited for color, sharpness, blemishes, background removal etc.
- \*You are then given a link to download your photos online, and your products are returned.

I work with small and large businesses.

Visit my site below to view my portfolio and fill out the contact sheet for inquiries:
