QR Code Link to This Post I am looking for a basset hound pup (all ages -pup-adult-seniors- considered) for an indoor home companion. I am a previous dog (hound) owner w/ experience. My last hound passed away from cancer.

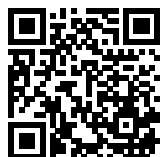

The dog will have less than 4 hrs home alone each day, access to a secured private kennel at all times and a fenced in yard when supervised. No children or other animals to consider.

No breeders. Reasonable rehoming fees ok. Will consider travel to the tristate area.

Please email Blake if you have a suitable pup to consider..
