Shaved Ice Vending Cart Package

This fiberglass Shaved Ice Vending Cart is the most popular vending out there. It's perfect to start a shaved ice business or add to your existing business. This vending cart has our signature water system. Adding the water system will give you the best mobile cart setup around. The Shaved Ice Vending Cart includes plenty of counter space to setup a machine, syrups and cups. An electrical outlet is conveniently placed in the center of the counter top to power a shaved ice machine. With the water system, the counter also holds a three-compartment utility sink and a hand washing sink which are all supplied water with one faucet. Below the sinks you'll discover the 115V water pump, 2-gallon water heater, sink drains and electrical hookup. To run power to the cart, simply feed an extension cord from underneath and make the connection. This provides enough power to pull current to each water component and your machine. All of this is easily disguised and secured by two hinged doors with a lockable latch system. Located in the center of the Shaved Ice Vending Cart is a 10-compartment secured cash drawer under lock and key. To the left of the cash drawer is a standard threaded hose connector to fill the fresh water tank. Below the cash drawer, a hinged door conceals the fresh water tank, waste water tank and drain valve. One of the most resourceful features of the Shaved Ice Vending Cart is a 70-quart ice cooler which rests on a heavy-duty slide out shelf. This added convenience allows ice to be readily available to the right of the vendor. The cart rests nicely on 4 swivel castors with locks. With the side handles on each side, it moves smoothly when pushed and pulled to the desired location. The shaved ice vendor will always be shaded with the festive umbrella which may be tilted throughout the day. This gives the ability to remain shade-free from sunup to sundown! Starter Package Too.. Our commercial Shaved Ice Starter Package comes with everything you need to get your shaved ice business off the ground. It includes a Hatsuyuki Cubed Ice Shaved Ice Shaver HC-8E (or your choice of an alternate ice shavers) that pumps out up to 6 pounds of shaved ice per minute, plus your choice of 20 gallons and 12 quarts of high-quality shaved ice flavor concentrate. You also get shaved ice mixing supplies, serving supplies and more, all included in the price. You can finance your shaved ice starter package through Lease Station for as low as \$103 per month. Make sure you

check out the Specs tab above for every item included with our popular Shaved Ice Starter Package! All this is only 2 months old and cost 13,680.00
