In today's social media/APP-driven music business, a strong Band/Artist Bio and Electronic Press Kit is arguably as important as the quality of the recordings they post for fans to listen to, and an invaluable tool in securing gigs, promoting to blogs, etc. A dynamic Band or Artist Bio - whether you're a Country, R&B, Hip Hop, Pop, Rock, etc artist - can also be utilized across multiple promotional platforms, from Facebook to Soundcloud, Reverbnation to Youtube and beyond, and our team of experienced music industry writers can customize your new artist/band Bio, whether you're a new artist looking to kick off promotion of a new album, single, etc, or a band with an established fanbase looking to update an older bio you've used for the past few years with something fresh. The best part is we can do it for WAY WAY below what the average music publicist would charge, and with much quicker turn-around.

Presently, we have a Holiday Special of \$40 for a 300 word Bio, which is roughly a page of text, normally a \$150 minimum cost from the average music publicity firm. Writing samples are available. Please email back with a NON-Craigslist email address please and a link to your band's official website or social media page with reply, and we'll be back with you within 24 hrs.
