QR Code Link to This Post I am an on the move mechanic. I Have over 25 years of experience working on and building cars, trucks, SUV's, motor homes, heavy equipment, dirt bikes, motorcycles, boats, and long-lasting relationships with others in the automotive industry in and around Salt Lake City. Occasionally I find parts and cars at great prices. No matter what you need, If it is automotive related feel free to call me. If it's service you want, I can probably help you. If it's parts, I can try to help you track them down. If you are looking for a pre-owned vehicle I may be able to help get you in the driver seat. If you need a diagnosis on your car/truck I am here for you!! I can't guarantee that I can pull any and every issue out of my hat but I sure can try to help....Oh, and I come to you!

Tune-ups, brakes, oil changes, suspension, starters, sensors, injectors, engine lights, transmissions, alternators, fuel pumps, water pumps, AC, timing, bodywork. Mechanical and electrical issues will no longer be a problem.

Contact me anytime 24/7. If I am available I will respond to your SOS even in the middle of the night! The best method of contact between the hours of 10 pm - 7 am would be phone call + text (and maybe a follow-up phone call ;)
